1. BACKGROUND INFORMATION

1.1 The Construct.

The Harrietstown Housing Authority (HHA) was duly organized in 1967. Its mission is to provide public housing and tenant-based assistance program residents with clean, safe and affordable housing in a non-discriminatory manner. Individuals, families, near elderly and elderly who qualify for low income housing assistance are provided opportunities to achieve self-sufficiency and improve the quality of their lives. HHA creates and maintains partnerships with its residents and appropriate community agencies in order to accomplish this mission.

The HHA's programs are administered at the local level in accordance with state and federal laws. The U.S. Department of Housing and Urban Development (HUD) is authorized to enter into contracts with the HHA for grants and loans to assist the HHA in financing the development and modernization of housing units, and to pay operating subsidies and housing assistance payments to help maintain the operation of its affordable housing programs.

The HHA is a public corporation and corporate governmental agency organized pursuant to Public Housing Law to accomplish any or all of the purposes specified in Article 18 of the Constitution of the State of New York. As such, the HHA is a non-profit organization and, by its statutory formation and definition, is exempt from both federal and state taxation as a government instrumentality under Section 501(c)(1) of the Internal Revenue Code.

1.2 Affordable Housing Programs.

4.2.1 Public Housing.

Public housing is in place to provide decent, safe, and sanitary housing and related facilities for eligible low-income individuals and families including the elderly, and disabled. HUD obligates an annual operating subsidy and awards an annual capital fund grant intended to maintain and improve the administration, management and operation of the public housing.

The HHA has 113 units of public housing (across two projects). There are no new developments under construction. There are no urban renewal or community development programs.

4.2.2 Housing Choice Voucher (Section 8).

The Section 8 program is a tenant-based housing assistance program that enables voucher holders to find eligible private housing. Once eligible housing is located and approved, the HHA enters into a contract with the landlord to pay a portion of the voucher holder's rent. HUD obligates Housing Assistance Payments and associated Administrative Fees annually.

The HHA administers 135 vouchers.
